

## Syllabus Example #2

**Weapons Policy:** With the exception of concealed handguns, no weapons may be brought into the classroom. This exclusion applies to knives, clubs, spears, machetes, metal knuckles, explosive or incendiary devices, and any other device designed to injure or kill people. Course participants with a license to carry a handgun must keep it concealed and on their person at all times. If a gun or any other weapon becomes visible, the person who sees the weapon should leave the classroom and call 911 so that law enforcement personnel can take appropriate action and restore an atmosphere conducive to learning.

Handguns may not be brought to the classroom in backpacks, bags, or purses. Course participants will be called upon at unpredictable times to move about the room, go to the front of the room and participate in a presentation, or otherwise be separated from their belongings. University policy and the implementation of the law would be violated by the separation of the gun owner from their weapon that would result from these required classroom activities.

No weapons of any kind may be brought into the professor's office. Course participants will be given oral notice excluding handguns from the office before they meet with the professor. They will be required to sign a statement that they have received legally-binding oral notification that guns are not permitted in the professor's office.
